The user manual

Rechargeable Multifunction Lamp

Powered by a high-performance CREE XHP50.2 / TIR LED, this versatile lamp delivers up to 2,500 lumens of brightness.

Compact, lightweight, and water-resistant up to 32 ft, it's built for tough environments. A strong built-in magnet enables hands-free use on metal surfaces, while the integrated headband allows it to function as both a headlamp and flashlight—perfect for a variety of applications.
